Please find below and/or attached an Office communication concerning this application or proceeding.

Art Unit: 3618

Non-Responsive Amendment

1. The reply filed on April 22, 2002 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

- (a) Receipt is acknowledged of the request for a Continued Prosecution Application (CPA) filed on April 22, 2002 under 37 CFR 1.53(d) based on Application No. 09/833,370. However, because the application was filed after May 29, 2000, the request is not acceptable and no CPA has been established.
- (b) In the case of a CPA not being appropriate, the Office may treat a request for a CPA instead as an RCE, or Request for Continued Examination. In the instant case, however, this is not possible, as an RCE cannot be established until prosecution of the application has been terminated, for example, after Final Rejection.
- (c) Further, the changing of inventorship under RCE conditions (as CPA conditions are not available in the instant application due to its filing date) cannot be accomplished without the appropriate petition under 37 CFR 1.48.
- (d) A tabular comparison of the two practices may be found at the end of MPEP section 706.07(h). Entry 1 in the table covers the appropriate filing dates for applications under the two practices, entry 12 covers the changing of inventors.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
